Governor of Arizona
Jane Dee Hull

November 9, 2001

Executive Director
Dr. Philip E. Geiger

Dear Superintendent:

So how about those Diamondbacks? It was a fun week for everyone to see the Arizona Diamondbacks make the incredible comeback to become World Champions. It does confirm that hard work, enthusiasm, and teamwork can make a difference!

The School Facilities Board is on the verge of issuing the final \$300 million in bonds to pay for the deficiency corrections program. Several people have asked if the deficiency corrections program will be adversely affected by statewide budget cuts or the June 30, 2003 deadline for completion. All deficiency correction projects will be completed at state expense as required by law and there is every belief that the state legislature will fulfill this obligation. There have been no discussions or suggestions to the contrary so districts should not feel threatened about the completion of these projects.

New school construction continues. Although there is some discussion swirling around the legislature to slow down that process, it is clear that the result—half-day sessions for students—is an unacceptable alternative. To be certain the negative aspects of this proposal are understood, write and call your state representatives and senators.

The first half of FY 2002 building renewal funds is required to be distributed in November and we expect those funds to be distributed at the end of this month. Again, these funds are intended to be used for significant maintenance projects that will extend the life of existing facilities, not for general maintenance. Therefore, the state legislature rightfully permitted those funds to be carried over from year to year so they are not wasted and the funds go to the major projects that may require the funds from multiple years (e.g. a new roof). Be sure your state representatives know how important those funds are in ensuring that the \$1.078 billion investment now being made in schools is protected.

As usual, we appreciate all your help and support!

Sincerely,

Philip E. Geiger

PROJECT MANAGEMENT & AUTHORIZATION TO PROCEED

To date more than \$779 million in hard construction, deficiency corrections projects have been assigned to project managers, and districts have received

specific letters authorizing the design and engineering of those projects. If the School Facilities Board has approved the scope of your projects, but you have not yet received such a notice, you can expect authorization to proceed soon. At the November board meeting, the board approved the cancellation of 9 supplemental projects (dollar amounts in parentheses below) and authorized an additional \$3.89 million for 88 supplemental projects, specifically:

District	Number of Projects	Total Project Budget
Ajo Unified	1	\$ 63,900
Apache Elementary	1	\$ 227,804
Beaver Creek Elementary	1	\$ (54,556)
Bullhead City Elementary	5	\$ (431,791)
Buckeye Elementary	4	\$ 258,230
Chinle Unified	1	\$ 42,108
Concho Elementary	1	\$ 26,620
Glendale Elementary	1	\$ 30,500
Glendale Union High School District	7	\$ 704,600
Heber-Overgaard Unified	1	\$ 21,944
Holbrook Unified	1	\$ (2,278)
Indian Oasis Unified	2	\$ 415,350
Kingman Unified	1	\$ 25,000
Lake Havasu Unified	5	\$ (633,398)
Mammoth-San Manuel Unified	1	\$ 3,854
Marana Unified	14	\$ (1,037,178)
Maricopa Unified	1	\$ 51,415
Mary C. O'Brien Accommodation District	2	\$ (71,398)
Mayer Unified	1	\$ (26,118)
Mohawk Valley Elementary	1	\$ 16,614
Nogales Unified	2	\$ (13,064)
Pendergast Elementary	3	\$ 251,718
Ray Unified	13	\$ (829,080)
Roosevelt Elementary	1	\$ 130,279
Santa Cruz Elementary	1	\$ 130,500
Scottsdale Unified	10	\$ 647,865
Sedona-Oak Creek Unified	1	\$ 13,420
Somerton Elementary	1	\$ 511,200
Sunnyside Unified	4	\$ 327,001
Tanque Verde Unified	1	\$ 191,700
Tombstone Unified	1	\$ 1,405,800
Tonto Basin Elementary	1	\$ 18,810

Washington Elementary	5	\$	1,402,925
Wickenburg Unified	1	\$	70,200
Total	97	\$	3,890,496

ASP CONTENT LIST AND DESCRIPTIONS

Enclosed in this mailing are the kindergarten through grade 12 educational content software titles that will be provided as part of Arizona's ASP **base** package. This list and descriptions of each software program can be found at www.sfb.state.az.us/sfb/sfbdoc/announcements/asp_basepkg.pdf. We are still working on the final optional listing of software.

QWEST PROJECT STATUS AS OF 11-2-01

	Initial Contact (# of Districts)	On-Site Surveys Completed (# of Schools)	Design Proposals Approved by SFB (# of Schools)	Work Scheduled / Started (# of Schools)	Work Completed (# of Schools)
Number of Schools or School Districts	214	1269	498	319	122
Total Count of Schools / School Districts (Entire Project)	228	1534*	1534*	1534*	1534*
% of Completion	93%	83%	32%	21%	8%

There have been many questions from districts about what the Qwest process looks like from a district perspective and what to expect next. You can view a visual of the process flow from a district perspective at the following URL www.sfb.state.az.us/sfb/sfbgra/admin_letters/11_09_2001_qwest.jpg. If you have any questions about where your district is in the process, please feel free to send Kim Marona an email at kmarona@qwest.com or call her 602-604-4738.

DEFICIENCIES CORRECTION FUND CLARIFICATION

In light of the state budget situation, school personnel have expressed concern about the continued funding of deficiencies correction projects. Please note that deficiencies correction projects are financed by the school improvement revenue bonds recently sold by the SFB, not from the state general fund; therefore, the deficiencies correction fund is not subject to legislative reduction or appropriation.

BUILDING RENEWAL FUND UPDATE

We expect the first half of building renewal funds for FY2002 will be distributed at the end of November. A listing of the building renewal funds for each district is attached. Should you have any questions regarding building renewal, please call Deputy Director Candace Cooley at 602-542-6146.

DISTRICTS CAN USE THE STATEWIDE BUS BID

The Arizona School Facilities Board prepared a bid for various sizes and types of school buses. This bid (BID #10070-02) has a cooperative purchasing clause that allows school districts in the State of Arizona to purchase from this contract for the contract term. The following prices submitted by the vendors are for a one-year period and include the base bid and optional packages:

72 passenger transit bus	Auto Safety House	\$69,085
84 passenger transit bus	Auto Safety House	\$70,667
72 passenger conventional (sleeved)	I-10 International	\$58,251
48 passenger handicap conventional or transit	Coach & Transit	\$66,360

Interested districts may contact Joan Kiteley by phone (602-364-0538) or email (jkiteley@sfb.state.az.us) to receive a copy of the base bid features and package options.

RFP FOR ASSESSMENT & OVERSIGHT OF HAZARDOUS MATERIALS

The RFP for Assessment and Oversight of Hazardous Materials is currently being evaluated and is expected to be completed by mid-November.

"Life is change. Growth is optional. Choose wisely."

-Karen Kaiser Clark

NEW E-RATE REQUIREMENTS

Under a new federal law, passed as part of the Omnibus Consolidated Appropriations legislation at the end of the last Congress (Public Law 106-554), libraries and schools that take advantage of E-rate discounts for Internet access or receive certain funding under the Library Services and Technology Act or the Elementary and Secondary Education Act will have to adopt an Internet safety policy that incorporates use of filtering software on computers with Internet access.

Enclosed in this mailing is a summary of the new requirements. The full text can be

accessed at www.ala.org/cipa/legislation.html.

As part of the SFB technology initiative, the SFB contracted with Darcomm Network Solutions to provide Websense filtering software to all districts. Districts that currently need filtering software can contact Michael Ciavarella at (602) 414-1414 to obtain the software information. Qwest will be working with each district to determine if a firewall or software server is required and if so, those will be provided at no cost to each district as well. Qwest will install the firewall and server along with the networking it is providing in each district. Districts may choose to purchase the firewall from either Darcomm or Nvision. That information can be provided to the Qwest representative who is working on that issue for your district. Again, there is no charge for the firewall, the filtering software (for the next four years), or the server for the filtering software, regardless of which vendor you choose for the firewall.

REMI NDERS

The School Facilities Board will be conducting a **maintenance conference** in January 2002. If there are specific topics that you would like to be addressed, please contact Darla Jordan at (602) 542-6144 or djordan@sfb.state.az.us.

The application and instructions for the second round of Cisco Academy awards are posted on the SFB website at <http://www.sfb.state.az.us>. Completed applications are due at the SFB Office by close of business on Thursday, January 17, 2002.

2001-2002 SCHOOL FACILITIES BOARD MEETINGS

<u>Meeting Dates</u>	<u>Agenda Deadline</u>	<u>Meeting Location</u>
December 6, 2001	November 16, 2001	Isaac Elementary District Board Rm. 3348 W. McDowell Rd. Phoenix, Arizona
January 10, 2002	December 21, 2001	TBD
February 7, 2002	January 18, 2002	Excelencia Elementary School 2181 E. McDowell Road Phoenix, Arizona

CHILDREN'S INTERNET PROTECTION: A SUMMARY

Prepared by Legal Counsel for the American Library Association

Under a new federal law, passed as part of the Omnibus Consolidated Appropriations legislation at the end of the last Congress (Public Law 106-554), libraries and schools that take advantage of E-rate discounts for Internet access or receive certain funding under the Library Services and Technology Act or the Elementary and Secondary Education Act will have to adopt an Internet safety policy that incorporates use of filtering software on computers with Internet access.

New Requirements. The new statute consists of two separate acts in adjoining subtitles - the Children's Internet Protection Act (CIPA) and the Neighborhood Children's Internet Protection Act (Neighborhood Act) - which impose on certain libraries and schools various requirements relating to adoption of Internet safety policies and use of blocking and filtering technology

The statute applies to libraries and schools that receive Universal Service discounts (E-rate) for Internet access, Internet service, or internal connections or that receive funds under the Library Services and Technology Act (LSTA) or title III of the Elementary and Secondary Education Act (ESEA) to purchase computers for Internet access or pay for Internet access.

The libraries and schools facing the greatest number of new requirements under this law are those receiving E-rates for Internet access, Internet service, or internal connections. These libraries and schools must-

(1) Adopt Internet safety policies that address-

- * Access by minors to "inappropriate matter" on the Internet (the determination of what matter is "inappropriate for minors" shall be made by the school board, local educational agency or library);
- * Safety and security of minors when using e-mail, chat rooms, and other forms of direct electronic communication;
- * Unauthorized access, including hacking and other unlawful online activities by minors;
- * Unauthorized disclosure of personal identification information of minors; and
- * Measures designed to restrict minors' access to harmful materials.

(2) Provide notice and hold at least one hearing or meeting on the proposed Internet safety policy.

(3) Certify that they have adopted and implemented an Internet safety policy that includes operation of a technology protection measure that blocks or filters Internet access to visual depictions that are-

- * Obscene;
- * Child pornography or
- * Harmful to minors (in the case of use by minors); and

that they are enforcing the operation of the technology protection measure during use of their computers.
